

“Glidepath has been an excellent addition to our Day Services program. The curriculum has provided new and unique experiences for our clients. They have very much enjoyed ‘Music Appreciation’, ‘Cooking With the Microwave’, ‘Reading For Meaning’ and the variety of sensory modules!” - Kreider Services

SPECIALIZED MATERIALS

Our library of 150 modules and a variety of assistive resources, including program schedules, supply lists, instructor guidelines and feedback questionnaires, form an active treatment curriculum created specifically for adults with intellectual and developmental disabilities for use in adult learning programs.

EXPERIENCED SUPPORT

Training is provided for staff at every level in your agency on the implementation and daily use of the curriculum. This is based on over 10 years of experience using the curriculum at our adult learning programs and training other agencies.

TAILORED TO MEET YOUR NEEDS

Your current adult learning programming is taken into account, and our materials and services are personalized to meet the specific needs and vision of your agency.
